PERSONA RANGE

Capturing the personality and enduring memories of a loved one calls for one of our most colourful, printed coffins. Constructed by hand to the highest standards, our Persona range of wooden coffins are striking and sophisticated, sensitively themed and form a wonderful personal tribute to your loved one.

Celebrate the individual personality of a dear and cherished companion

Incorporating a wide choice of themes, whether traditional or modern, floral or scenic, artistic or spiritual, our Persona range of printed coffins will help you bid a most fitting farewell.

Designs are constantly being added - check the Steve Soult Limited website for an up-to-date choice from our printed coffin range.

Constructed from wood, to our accredited impeccable standards, a high resolution design is printed and wrapped around the entire coffin and lid using a PVC-free wrap and water based inks, ensuring they are suitable for burial or cremation.

Steve Soult Limited are Master craftsmen and manufacture all their coffins on the edge of Sherwood Forest in Nottinghamshire.

PERSONA PORTRAIT

With the Persona Portrait printed coffin, you can make a wonderful personal tribute.

Using up to 12 supplied images, this portrait gallery styled coffin shows a life in pictures through cherished moments from a loved ones life.

This beautiful farewell is tailored further with six colour options, to suit.

A bespoke nameplate is also included as part of the design, complimented by a choice of gold or silver coloured handles.

The Persona Portrait, creating fond memories of a life in pictures.

DESIGNED TO INSPIRE MEMORIES

Created by our in-house team of professional designers, every Persona coffin embodies the enviable Steve Soult Limited brand values of industry leading quality, innovation and customer service. We also minimise environmental impact of creating bright and colourful printed coffins by using eco friendly materials throughout.

A collection of sophisticated original designs support the growing desire to honour and remember the life of an individual in a colourful and celebratory way.

Our themes recognise the need for the traditional, contemporary, reserved and adventurous. We have carefully selected images which capture the spirit of these themes and sensitively developed them into designs which are fully integrated into our handmade, wooden coffins.

All designs are visualised and tested prior to manufacture using a 3D computer model to ensure the finished product becomes a striking realisation of the designer's vision.

Eco-friendly PVC-free vinyl wraps are first printed with eco-friendly inks, to create vibrant and crisp, high resolution images.

A clear and high gloss, eco-friendly PVC-free vinyl laminate, then seals the wrap before being applied to the coffin by hand, resulting in a beautiful personal tribute with the effect of a highly polished finish.

These carefully sourced and fully tested materials, ensure that the Persona range of bright and colourful printed coffins is approved for burial or cremation.
